Wonderful refrect of Rain AF-

TER A DROUGHT. Thepast summer bes demonstrated what can be done by rain. In the middle of the season. and after, the rains commenced. The crops had suffered from the drought-and the fall crops, such as potatoes, buckwheat, &c., were considered lost heyond recovery. This was so plished; potntoes are a success, greater than MALS. &c.—Put up in 25c. 50c. and \$1 out for to deserve it. His charges will always be formany years; buckwheat the same. It was Boxes, Bottles and Flasks. \$3 and \$5 sizes found as moderate as the times will allow.

In consequence of the timely rains, which iner for Hotels. P. But Insertrations. in consequence of the timely rains, which just for Horens, P. Buc Institutions, &c. afforded every time sufficient moisture for the most rapid growth. Now, there is no doubt but that drought had prepared the ground for this rapid growth, either by hear changing the chemical properties of the soil and the man-feet, or some other iqueon. It is known that Des See that "Contan's" name is on each Box, the pain which falls after a drought has more fertility than before. This is in consequence of the accumulation of fertile gases it, the 1-

mosphere, which rain carries down. Another thing, and that important. We have found that soil made mellow, deep, is still better against both wet and drought. Hence the use of sub-soil-ploughs; hence the use of deep affinge. The abole secret, then, as we have more thoroughly learned this season than ever, is deep, tich, mellow tillage. We have satisfled many people the past season-which was an anusually dry one in many parts of the country-of this one thing-this benefit. Need we take the reader into the field? Or will he take pains to satisfy himself? Keep the cultivator going; you cannot stir the soil too much -the more the better, and the ticher the better.

This is the grand preventive sgainst drought, and it is the only practicable our for a farmer. We must look to this thing, for drought is our great enemy in the West. By guarding against It in the way specified, we not only prevent it, (in its effect,) but at the same time yearly improve the soil, both in fertility and easy working, as well as in killing the weeds. We shall continue to enforce this subject. Its observ-ance is worth millions to each state. - Valley Farmer.

The Chicago Times has the following cheerful account of the condition of affairs in Kentucky :---

Kentucky is having a good time in her position between the upper and nether millstones of federal and rebel armies. Breckinning of federal and rebel armies. Breckinridge raided through the State, carrying off everything that he could find wagons to transport. Burbridge followed, and banished everybody who had any property, and confiscated their personal possession to his own use. Next came Paine, who shot everybody of the male persuation the could be persuasion that he could lay hands on, and stele the 65 axp 167 Baltiman STREET, under clothes, linen, table-covers and plates from the female residents. Then came Massarom the termiter restricts. The came and salits integers; and officially, there comes a Colonel keep constantly on hand a large and well assume, who is after Kentucky hogs. By the time Swaine has disposed of all the swine in sorted stock of all kinds of goods at moderate Kentucky, there will be little or nothing in that State worth stealing. The following is Snaine's prices.

"Owners of hogs in designated districts of Kentacky will receive a lair price for then sending them to Louisville, Ky., consigned to
Maj. Simonds. No hogs can be shipped from
Kentucky across the Ohio without a special
made to measure, to any part of the country. permit from Maj. Simonds."

The administration, having been for some time in the nigger business, has gone into the hog business—which is a very appropriate sformation.

WHERE IS THE SECOND CORPS ?- The follow-

ing significant remark was recently made by the gallant General Hancock: "I have left the Second corps dead on the

fields between the Rapidan and Petersburg." Could there be a more crushing commentary

on the overland route policy? / the lat of May last. A few weeks ago it had lost overthirty brigade commanders, over 2,000 GEORGE WIANT,
BOOK BINDER, commissioned officers, and within a fraction of 29,000 men! What survive of this gallant corps are but a few hundred more than the recruits which, from time to time, joined it while on which, from time to time, joined it while on approved styles.

Universal Clothes Wringer. SELF-ADJUSTING AND ADJUSTABLE, WITH COO. WHEEL REGULATOR.

SHEADSALE BY
GETTSEBURG. PAT Prom inhunerable recommendations, we gather the following:
Letter from Mrs. Henry Ward Beecher, in 1861.

I am most happy to speak in the very high-est terms of the "Universal Clothes Wringer." The hardest part of "washing-day" work is, in my opinion, the wringing; and the inventor of this machine may have the satisfaction of feeling that he has changed one of the most tollsome parts of woman's work into a very attractive amusement. The laundress looks upon it as a great blessing. I look upon it as a great blessing. I look upon it as among the most useful articles in the house.

SARSAPARILLA,

THE WORLD'S GRAT REMEDT FOR

Berofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your Sansarantilla, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try if, they agree there has been no medicine like it before in our community."

THE WORLD'S GREAT REMEDT FOR

Eruptions, Pimples, Blotches, Pustules, Ul-Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.
From Rev. Robt. Stratton, Bristol, England.
'I only do my day to you and the public, when
I add my testimony to that you publish of the medichal virtues of your SARAMARILLA. My daughter, aged ten, had an afflicting humor in her cars,
eyes, and har for years, which we were unable to
oure until we tried your SARAMARILLA. She has
been well for some months."

From Mer Lang E. Rose, a well-leagung and much-

eire until we tried your Satsatarilla. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and mucheritemerliady of Dennirville, Cape May Co., N.J.

"My daughter has suffered for a year past with a scrofulous cruption, which was very troublesome. Nothing afforded any relief until we tried your Sarsatarilla, which soon completely cured her."

From Chaples P. Groge, Esq., of the weidely knows Gage, Murray of Co., manufacturers of enamelled papers in Nathua, N. H.

"I had for several years a very troublesome hamor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whitever, until I took your Sursafattla. It immediately made my face worse, as you told meg it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I culoy perfect health, and without a doubt owe it to your Sarsafattla."

Erysipelas—General Debility—Purify the

Erysipelas - General Debility - Purify the

From Dr. Robt. Savin, Houston St., New York.

DR. AYAR. I seldom fail to remove Eruptions and Scroyulous Sores by the persevering use of your Sarsay Aulilla, and I have just now cured an attack of Mulignant Erysipelus with it. No alterative we possess equals the Saits Publia, you have supplied to the profession as well as to the people."

From J. E. Johnston, Esp., Wakeman, Ohio.

For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so had that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Pills. Together they have cared me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Neucastle, The Interior combered the Compilian Parlie.

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canudian Parliament.

"I have used your SARSAPARILLA in my family,
"I have used debility, and for purrying the blood,
with very beneficial results, and feel confidence in
commending it to the afflicted."

commending it to the afficient."

8t. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harrey Sichler, Eng., the able editor of the Tunthannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skiful physician applied nitrate of silver and other remedies, without any apparent effect. For afteen days we guarded his hands, lest with them he should tear open the featering and corrupt wound which covered his whole face. Having tried every thing cles we had any hope from, we began giving your Sansaralitta, and applying the loide of potush lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had fluished the second. The child's cyclashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease. From Dr. Hiram Sloat, of St. Louir, Missouri.
"I find your SARSAPABILLA a more effecting remedy for the secondary symptoms of Syphilis and for syphilite disease than any other we possess. The profession are indebted to you for some of the best medicines we have,"

bost medicines we have."

From A. J. Freuck, M. D., an eminent physician of Laurence, Mass., who is a prominent member of the Legislature of Mussachusetts.

**DR. AVER. By dear Sir: I have found your Sarsaparit. I an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedica. I do not know what we can employ with more certainty of success, where a power fal alternitie is required."

Mr. Char. S. Fan Lich. of New Brunswick, N. J.,

Mr. Chas: S. Van Lieve, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial discase, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cause can be found more inveterate and distressing than this, and it took several dozen bottles to citro him. Leucorrhose, Whites, Female Weakness,

Leucorrhose, Whites, Female Weakness, are generally produced by internal Seminius Utceration, and are very often cured by the alterative effect of this Sanaaranilla. Some cases require, however, in aid of the Sanaaranilla, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincismett.

all have Sound your Sanaaranilla an excellent electric in diseases of females. Many cases of Irregularity, Leucorrhos, internal Utceration, and local debility, arising from the serofulous disthesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, uncelling to allow the publication of her A lady, unwilling to allow the publication of her "My daughter and myself have been cured of a very debilitating Leuoerthas of long standing, by two bottles of your Sarsaparilla."

Rheumatism, Gout, Liver Complaint, Dys-pepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly eurod by this Ext. SARSAFABILLA.

AYER'S CATHARTIC PILLS possess so many advantages over the other purgatives in the market, and their superior rirtues are so universally known, that we need

An Interesting History

hke as bad as he was at the worst, yet it is in strong contrast with the hale and vigorous looks of the Portrait below, which is the true likeness of him at the present time. The contrast between these two portraits is so great that many would not believe them to be the Mrs Bartholomew, 83 West Forty-fifth street, which is not work to be the contrast between these two portraits is present that many would not believe them to be the contrast with the contrast with a tumor on her liver. that many would not believe them to be the same person. Yet there are hundreds of persons, in and around Philadelphia, who will recognize both portraits to be true representations. When the first was taken he weighed 107 pounds; at the present time his weight is 220 pounds.

Mrs Bartholomew, 83 West Forty-nith street, came to my rooms with a tumor on her liver. She was low-spirited, skin sallow, tongue coated, bowels costive, no appetite, and fast sinking into the grave. The said tumor had been running over fourteen years. I gave her Syrup, Tonic and Pille, and told her to take than just as the directions were printed. She

heal up themselves.
Good nutrition is the remedy. If you have any disease in any part of the body, it will remain there and decay more and more until you can get the stomach in the condition to d and make new tlood to take the place of discused matter. This is the only respectfully beg leave to notify their friends. liver, and nature will do the healing. Many persons have an idea that certain medicines NO. 308 BALTIMORE STREET, are great purifiers of the blood. When blood is once diseased it cannot be purified; it is discontained in the conduct the Wholesale Busic conduct the Wholesale Conduct eased the same as the diseased matter in the ness, solely in system; but get the apparatus in order, the liver and stomach, and give it pleaty of nourshing food it will make new blood, which will ake the place of that which is diseased. Schen, k's Pulmonic Syrup is one of the best

dissolves the mucus in the stomach, and it is ability to offer inducements in prices and carried off by the aid of the Mandrake PiHs, quality of Goods. the Pulmonic Syrup is made into blood. This is the only way to cure consumption. If I tion. Address cannot get a good appetite, and food does not digest, I cannot cure the patient. Never mind the cough; remove the cause and it will stop of itself. This is the most trouble I have with my patients at my rooms. They say, "Doc-tor, I feel stronger; I can sat; my night sweats are better, and Liftel better every way; but my cough is so bad yet;" and they are astonished to hear me say that does not matter remove the cause and the cough will stop of itself. Schenck's Seaweed creates a good appetite in about nine days, when there is no lung disease, unless the liver is so congested that the Mandrake Pills cannot unlock the ducts of the gall bladder in that short space of time, in order to allow the stale bile to pass off. Keep the liver and stomach healthy and there is less danger of consumption or any other disease. It is hard to take cold when those crgans are healthy. Those that are bili-ous, low spirited, dreary, feeling stupid, coated tongue, poor appetite, nervous, stomach full or wind, everything that is eaten lies heavy, loss of memory, try one bottle of SCHENCK'S SEAWEED TONIC and one box of SCHENCK'S has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by Lowell, Mass., and sold by Waig the Seaweed Tonic and Mankrake and dealers generally.

Aug. \$, 1854. cowly

firshy. I can produce a number of my old consumptive pottents now enjoying good leadth, weighing nearly 200 possessor. I will complete by relating three cures I have made in New York, and which are all different, and wish any one who leels any interest in the matter to visit them. Firm is Mrs. Farlow, residing then at No. 107 Houston street. Buy husband called upon me at my rooms, 37 Bond street, and wished me to call and see her. He said I could do no good; that he had find all the best medical attendance, and all said she was too far gone with Consumption to beenred; but she had heard of some great cures I had made, and he desired to gratify her wishes.—I called, and found her lying confined to kee bed in the last stage of bronchial consump tion, and without doubt must have died soon.
I examined her lungs, found both bronchist
tubes very much affected, but no cavities had formed, her cough was very severe, the spit-box was half full of thick pus. Pulse 146, legs swollen very much; and worse than all, she had chronic diarrhess. Her bowels had been moved eleven times that day. I told her that she had lungs enough to be cured, but that this diarrhoa had been of long standing, and her stomach was in such an ulcerated con-dition that I was afraid nothing could be done. The above is a correct likeness of Dr. Schenck for her, observing that she could not last long in the condition she was in, and I could not from Consumption: by a course of his make her any worse. I gave her first a doso of my Mandrake Pills, and the Topic and although it does not represent him anything like as bad as he was at the worst, yet it, is in the next Sunday the diarrhees was carried off.

> them just as the directions were printed. She came back to my rooms, 33 Bond street, in two week, somewhat better; her tongue had be-gun to clean a little around the edges her skin whiter and her eyes brighter, and the tumor discharging very offensive matter, much faster than it had ever done before. She kept: radually improving, and in about two months she came to my rooms very much frightened. saying that the tumor had nearly stopped run-ning, and was healing up, and that every doc-tor had told her that if it ever healed it would cause her death. I told her that the disease had all left her system, and nature would heal the ulcer up. They are now healed, and have been for about a year, and she is as hearty and robust a wom in as you will find in a day's walk. She is glad for any one to call on her, and takes great pains to visit any one that she hears has anything like her case, and tries to get them to come and see me.
>
> The next case is Miss Scofield, from Stam-

ord, Conn. Mrs. Bartholomew got her down to see me, and she has been ever since at her house. When she first came to my rooms, she was much emaciated with a distressing cough, spitting large quantities of blood. I examined her langs with the respirometer, and in all my New York, Wednesday, March 20, '64.

TO THE PUBLIC.

Thirty years ago I was in the last stages of Pulmonary Consumption, and given up to die. I resided in Philadelphia, and Dr. Joseph Parrish, then of this city, ordered me to Morestown, X. J., a distance of nine miles, which took me two days to get there. On my arrival I was put to bed, and there haid for many weeks. This was my native place; where all my family lived and had died of Consumption. Dr. Thornton, who attended my father in his last illness, was called, and gave me one week to ha up my affairs. He had seen all my family had affairs. last illness, was called, and gave me one week to his up my affairs. He had seen all/my family go that way, and thought I was to go, too. Then I heard of the remedies I now offer to the public, which cared me. It seemed to me that I could feel them penetrating my whole system.

They soon ripened the matter on my lungs, and I would spit off more than a pint of offensive yellow matter every morning. As soon as that began to subside, my cough, tever, pain, such as that began to subside, my cough, tever, pain, every Saturday, from 9 A. M. nutil 5 P. phin, every Saturday, from 9 A. M. until 3 P. M., to give advice, free of charge; but for a
